

SAFETY DATA SHEET

	1. Product and Compared	ny Identification		
Product identifier	Gas Leak Detector (4180-53)			
Other means of identification	Not available			
Recommended use	Gas Leak Detector			
Recommended restrictions	None known.			
Manufacturer information	Nu-Calgon 2611 Schuetz Road St. Louis, MO 63043 US Phone: 314-469-7000 / 800-554-5499 Emergency Phone: 1-800-424-9300 (Cł	HEMTREC)		
Supplier	See above.			
	2. Hazards Identifie	cation		
Physical hazards	Flammable liquids	Category 3		
Health hazards	Serious eye damage/eye irritation	Category 2		
	Carcinogenicity	Category 2		
Environmental hazards	Not classified.			
WHMIS 2015 defined hazards	Not classified			
Label elements				
Signal word	Warning			
Signal word	Warning	rises and initation. Our sate distances		
Hazard statement	Flammable liquid and vapor. Causes se	rious eye irritation. Suspected of causing cancer.		
Precautionary statement Prevention	Keep container tightly closed. Ground a explosion-proof electrical/ventilating/ligh prevent static discharges. Wash thoroug	arks, open flames and other ignition sources. No smoking. nd bond container and receiving equipment. Use ting equipment. Use non-sparking tools. Take action to ghly after handling. Obtain special instructions before use. s have been read and understood. Wear protective n/face protection.		
Response	In case of fire: Use appropriate media to extinguish. IF ON SKIN (or hair): Take off immediately al contaminated clothing. Rinse skin with water or shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF exposed or concerned: Get medical advice/attention.			
Storage	Store in a well-ventilated place. Keep co	pol. Store locked up.		
Disposal	Dispose of contents/container in accord	ance with local/regional/national/international regulations.		
WHMIS 2015: Health Hazard(s) not otherwise classified (HHNOC)	None known			
WHMIS 2015: Physical Hazard(s) not otherwise classified (PHNOC)	None known			
Hazard(s) not otherwise classified (HNOC)	None known.			
Supplemental information	None.

Most important symptoms/effects, acute and delayed	Causes serious eye irritation. Symptoms may blurred vision.	/ include stinging, tearing, red	dness, swelling, and
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and tre Symptoms may be delayed.	eat symptomatically. Keep vic	tim under observation.
General information	Ensure that medical personnel are aware of t protect themselves. Show this safety data sh sources of ignition. No smoking. Avoid conta contaminated clothing immediately. Wash co gloves and safety glasses with side shields.	eet to the doctor in attendand ict with eyes, skin and clothin ntaminated clothing before re	e. Keep away from g. Take off all euse. Wear rubber
	5. Fire Fighting Measur	es	
Suitable extinguishing media	Foam. Water fog. Carbon dioxide (CO2).		
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as th	nis will spread the fire.	
Specific hazards arising from the chemical	Vapors may form explosive mixtures with air. of ignition and flash back. During fire, gases I should wear a self-contained breathing appar	hazardous to health may be f	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full p	rotective clothing must be wo	orn in case of fire.
Fire-fighting equipment/instructions	In case of fire and/or explosion do not breath so without risk.	e fumes. Move containers fro	m fire area if you can do
Specific methods	Use standard firefighting procedures and con	sider the hazards of other in	volved materials.
General fire hazards	Flammable liquid and vapor.		
Hazardous combustion products	May include and are not limited to: Oxides of	nitrogen. Hydrogen chloride.	Oxides of carbon.
	6. Accidental Release Mea	sures	
Personal precautions,	Keep unnecessary personnel away. Keep pe	onle away from and unwind (of spill/leak Keep out of
protective equipment and emergency procedures	low areas. Eliminate all ignition sources (no s Do not touch damaged containers or spilled r clothing. Ventilate closed spaces before ente significant spillages cannot be contained. For	moking, flares, sparks, or fla naterial unless wearing appr ring them. Local authorities s	mes in immediate area). opriate protective hould be advised if
Methods and materials for containment and cleaning up	Eliminate all ignition sources (no smoking, fla combustibles (wood, paper, oil, etc.) away fro against static discharge. Use only non-sparki risk. Dike the spilled material, where this is po Use a non-combustible material like vermicul into a container for later disposal. Never retur surface thoroughly to remove residual contar water. Prevent entry into waterways, sewer, h reduce vapors or divert vapor cloud drift. For	om spilled material. Take pree ng tools. Stop the flow of ma ossible. Cover with plastic sh ite, sand or earth to soak up rn spills in original containers nination. Following product re pasements or confined areas	cautionary measures terial, if this is without eet to prevent spreading the product and place for re-use. Clean ecovery, flush area with . Use water spray to

7. Handling and Storage			
Precautions for safe handling	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use non-sparking tools and explosion-proof equipment. Vapors may form explosive mixtures with air. Avoid breathing vapors or mists of this product. Use only with adequate ventilation. Avoid prolonged exposure. Wear appropriate personal protective equipment. Avoid contact with eyes, skin and clothing. When using do not eat or drink. Wash thoroughly after handling. Keep container tightly closed.		
Conditions for safe storage, including any incompatibilities	Keep away from heat, sparks and open flame. Prevent electrostatic charge build-up by using common bonding and grounding techniques. Store in a cool, dry place out of direct sunlight. Store in a well-ventilated place. Keep in an area equipped with sprinklers. Keep out of reach of children. Store locked up. Store away from incompatible materials (see Section 10 of the SDS).

	13. Disposal Considerations
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. This material and its container must be disposed of as hazardous waste. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.
